Clothing

TO BE WELL Dressed is the duty of every man. To be well dressed one doesn't necessarily need expensive clothing; well fitting, good wearing, stylish cut, and well made, constitute good clothes.

Our stock for 1908 we believe to be as natty a selection as you have ever seen. Our medium priced suits have that look about them that is so satisfactory.

Come in and see for yourself. It is no trouble to show the new styles and patterns, that's what we are here for.

Your superintendent is much pleased with the progress made in our schools this year as we have had much more schooling this year than in the past. Our teachers have been well qualified and, as the report will show, the average has been good showing that there has been a good interest in the school.

We are fitting our scholars in the best of shape for the Free High schools as is shown by those who have taken the examination and our teachers have taken great pains to fit them.

But still it is our duty to improve and better our condition as much as possible and for our pupils to acquire the best possible education which can be obtained in our common schools. Our school committee has worked hard this year to obtain the best results and should have much credit for the interest and good management which they have shown.

Your superintendent sees the need of one improvement, which should have the attention of all interested in our schools, and that is a graded school at Locke's Mills, as it has increased to such a capacity that it is too large to be under the management of one teacher and I hope the citizens will all agree with me and that this Spring steps will be taken to improve it, and we may see the good work going on.

Our transportation bill is small this year which has helped much in adding to our number of weeks of schooling.

We have been obliged to buy quite a few school books this year so that our pupils could be well supplied as good books mean good work, but we have kept within our appropriation by exchanging old books which have been accumulating year after year.

Respectfully submitted,

A. J. HAYES,

Superintendent of Schools.

RECOMMENDATIONS OF SCHOOL COMMITTEE.

Having carefully considered the needs of the schools of Greenwood we would make the following recommendations for the coming year.

For support of common schools,	.	.	\$1,100 00
Purchase and exchange of text books,	.	.	100 00
Repairs and appliances,	.	.	50 00
Free High school tuition,	.	.	50 00

We would also recommend that articles be placed in the town warrant, viz: To see if the town will vote to authorize the school board to maintain schools in Districts 3 and 11 or otherwise. To see what action the town will take in regard to raising the roof of the school-house at Locke's Mills and finishing a room suitable to maintain a graded school and to appropriate money for the same, or otherwise.

Respectfully submitted,

R. E. MORGAN,

J. H. RING,

E. L. DUNHAM,

Superintending School Committee.

DR. TRUE'S ELIXIR

As a reliable family tonic, in all complaints of the stomach, liver or bowels, especially constipation, Dr. True's Elixir stands without an equal; it is a pure vegetable compound with a wonderfully successful record since 1851. **Adults** as well as **children** are troubled with **worms**. The symptoms are: Indigestion, with a variable appetite; foul tongue, offensive breath, hard and full belly, with occasional gripings and pains about the navel; eyes heavy and dull, itching of the nose, short, dry cough; grinding of the teeth, starting during sleep; slow fever, and often in children, convulsions and bed wetting.

A few doses of Dr. True's Elixir will expel the worms if there are any; if not it acts as a gentle laxative tonic, clearing the stomach and bowels of all waste matter, leaving these organs sweet and clean—it increases the appetite, causing pure life-giving blood to flow through the body, thus invigorating the whole system with rugged, robust health. If taken regularly it will prevent coughs, colds, fevers and worms.

Sold by druggists, 35c, 50c, \$1.00. Write for booklet, "Children and Their Diseases."
